

## Writing a Bachelor's thesis in the natural sciences *Schreibwerkstatt, Osnabrück University*

### Dates:

28.08 & 04.09, 09:00-13:00

### Workshop description:

Are you writing a Bachelor's thesis in **Biology, Chemistry, Cognitive Science** or **Physics** in the Summer Semester, 2015, or the Winter Semester, 2015-16?

This workshop will focus on strategies to embed your Bachelor project within a wider research context and to describe your methodologies and results. This workshop will also highlight some classic differences between German and English written academic language.

Participants will be able to:

- Review some of the structural and linguistic requirements of a Bachelor's thesis
- Recognize and avoid some common grammatical errors
- Plan a realistic research and writing schedule
- Start working on their own writing projects

### Participants

This event is open to all Bachelor students and is limited to 15 participants. Please enroll on Stud-IP.
