

**Dear first semester students of the MSc Master's programs,**

Congratulations to being admitted to the **Master program “Biology – From Molecules to Organisms”** at University Osnabrueck. The Department Biology and all lectures & teaching staff warmly welcome you.

For your initial orientation at the University Osnabrueck as a student from abroad, please join the **Welcome Week for International Degree-Seeking Students** organized by the [International Office](#). For more and detailed information click here – [Welcome Week for International Degree-Seeking Students](#).

For the initial orientation at the department biology at the University Osnabrueck, please join the **introductory week for master students within the Master Symposium** ([Program - Mastersymposium](#)) from **6<sup>th</sup> October 2024 to 10<sup>th</sup> October 2024 (Start 6<sup>th</sup> October 9:00 in Building 35, Room 23-24, Barbarastraße 11 Osnabrueck). You will receive information about studying biology at the University of Osnabrück, about your course of study and information about the distribution of the master modules. You will also get in touch with every working group of the department while the group leaders present their scientific focus as well as their offered courses in the Master program. After each presentation you will have the opportunity to ask questions. Following the presentation of the working groups, the Master's modules for the winter semester 25/26 will be selected. The election takes place online, but is also supported on site.**

If you do not want to miss any further information regarding your biology studies at the University Osnabrueck, please register for the StudIP event [“Important information for all biology students”](#) and follow us on Instagram (@biologie.osnabrueck). Please also take a look at our [“Beginning your studies”](#) page!

**Do not miss this unique opportunity to onboard and to ensure a smooth start into your Master studies!**

We are looking forward to welcoming you in Osnabrueck!

Regards,

Laura Elpers
